

LIBRARY AT A GLANCE

Besides the Central Allama Iqbal Library, the department of earth sciences has its own full-fledged reference library comprising more than two thousand books, PhD & MPhil thesis, National and International Journals, field reports prepared by various batches of the Department.

The Library acts as a key resource and learning centre of the University to meet the information needs of the students of the MSc Geology, MSc Geo-informatics, MSc Environmental Sciences, and MPhil and PhD research Scholars of the School of Earth and Environmental Sciences. The library plays an important role in enhancing the academic and research growth and overall development of the Department.

The Library is highly sophisticated with state-of-art facilities. It offers membership to current students & faculty members; alumni & corporate members and adopted an open access system so as to facilitate users to have easy access to the resources.

Further, to cater to various research needs of the users, the Library has subscribed to several national journals like Current Science, Journal of Himalayan Geology, Journal of Hydrology, Journal of Remote Sensing, and Journal of Geomatics etc.

There are separate compartments for books of each of the sub-branches of Each Sciences so that precious time of users doesn't get wasted in searching the respective books and journals. To facilitate users with reading and brain storming, spacious reading room is provided within the library itself.

The library usage during the past few years is give below

| Library usage | 2019 | 2020 | 2021 | 2022 | 2023 | 2024... |
|-------------------------------------|-------------|-------------|-------------|-------------|-------------|----------------|
| Total Number of Books Issued | 1903 | 750 | 1330 | 2700 | 2430 | 470 |
| Footfall | 1179 | 2021 | 1031 | 1573 | 1798 | 520 |
